A virtual learning opportunity for
education support professionals.

WEBINAR:

Bargaining and Advocacy in the Face of Crisis

THURSDAY 5.13.21

7-8:30 PM (EST)

REGISTER at

Now, more than ever, ESPs have been forced to bargain and advocate as if their lives, and those of which they care for, depend on it, because it literally may. This webinar will focus on becoming better prepared as a union to tackle issues brought upon through crisis, such as protecting ESP careers and advocating for health and safety issues, as well as providing practical skills and resources that can make the union more effective advocates.
